SAVE MONEY WHILE SAVING OUR STREAMS

This directory contains a list of float outfitters offering discounts to Stream Teams. These discounts are available to Teams renting canoes to complete Stream Team activities like litter pickups, water quality monitoring, etc.

You must show your Stream Team ID card in order to receive the discount.

We have worked hard to find out which outfitters are willing to offer a discount, and we are pleased to announce that there are approximately 85 cooperating outfitters on the list! Thank you Float Outfitters for helping Stream Teams as they help our streams.

FLOAT STREAM INDEX

Big Creek	10	Current River	03, 04	Little Niangua River	06
Big River	01	Eleven Point River	04	Meramec River	06, 07
Big Piney River	01	Elk River	04, 05	Missouri River	08
Big Sugar Creek	05	Gasconade River	01, 05	Niangua River	08, 09
Black River	02	Huzzah Creek	07	North Fork of the White River	09, 10
Bryant Creek	10	Indian Creek	05	Pomme de Terre River	10
Castor River	02	Jacks Fork River	04, 05	Shoal Creek	10
Courtois Creek	07	James River	05		

RIVER ETIQUETTE GUIDE

There are best practices to follow while on Missouri's waterways. Some of these are enforced local, state, or federal laws. For specific questions on applicable state statutes, contact your local Missouri State Highway Patrol troop.

BE COURTEOUS AND BE SAFE WHILE ON THE RIVER

Your actions have an effect on the outdoor experience of others who may be floating, boating, fishing, swimming, etc. Remember, you are sharing the river with others, including children, so be mindful and respectful of others sharing the waterways regardless of their recreational activity.

- **No excessive noise, stereos, or air horns.**
- **No cliff jumping or rope swings.**
- **If alcohol is consumed, do so safely and in moderation, and remember to consume plenty of water to keep you properly hydrated.**
- **Be sure to clean up after yourself and your group, including your pets.**
- **No nudity, wearing beaded necklaces, or excessive swearing.**
- **Always have a PFD readily accessible in the vessel. Children under seven must wear a life jacket.**
- **Have plenty of food and water on hand.**
- **Respect space and vessels of other floaters, boaters, anglers, etc.**

KNOW WHERE YOU FLOAT

There are specific rules and regulations for particular waterways. Familiarize yourself with regulations on the river you plan to float.

- **No illegal drugs.**
- **No glass is allowed on waterways.**
- **No beer kegs, beer bong, or Jello shot containers.**
- **No Styrofoam containers or coolers.**
- **Be conscious of state-owned land and respectful of private property.**
- **Unless the waterway you are on flows through public property or you have permission from the adjacent landowner, it is considered trespassing to go onto property beyond the banks of the waterway.**

HELP US KEEP OUR RIVERS CLEAN

The water belongs to everyone and it is everyone's responsibility to keep it clean. Healthy rivers means happy floating!

- **Ensure cooler is sealed to prevent contents from spilling into the water.**
- **Use trash bags provided by your outfitter.**
- **Secure all items in the vessel, including the trash bags provided by the outfitter.**
- **Transport all trash to a place where the materials may be disposed of safely and lawfully.**

HELP STOP AQUATIC HITCHHIKERS

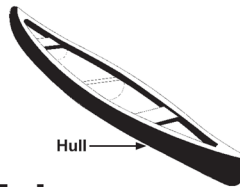

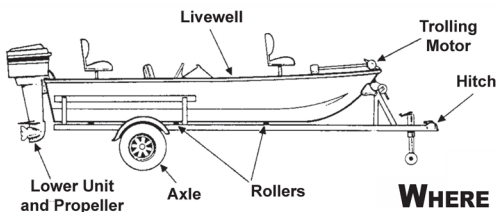

BOATERS

CLEAN – Remove all plants, animals, mud, and thoroughly wash everything, especially all crevices and other hidden areas.

DRAIN – Eliminate all water before leaving the area, including wells, ballast, and engine cooling water.

DRY – Allow sufficient time for your boat to completely dry before launching in other waters.

WHERE TO LOOK

BAIT BUCKET

PUT unused bait in a plastic bag and deposit it in the trash.

AVOID taking bait from one body of water to another.

WADERS AND FISHING EQUIPMENT

Please remember to **CHECK and CLEAN or DRY** your fishing gear when moving between waters.

HELP KEEP THE HELLBENDER'S HOME CLEAN AND PRISTINE

- ◆ *Help keep streams clean and natural*
- ◆ *Protect hellbenders from habitat disturbance by leaving rocks in place*
- ◆ *If you catch a hellbender while fishing, either remove the hook or cut the line and release back into the water*

STOP THE INVASION... HYDRILLA

Hydrilla displaces the local aquatic plant community, interferes with boating and fishing, clogs water intake systems, and adversely changes the dynamics of fish populations in lakes, ponds, and streams.

-  **NEVER RELEASE PLANTS, FISH, OR ANIMALS INTO A BODY OF WATER UNLESS THEY CAME OUT OF THAT BODY OF WATER.**
-  **DO NOT TRANSPORT PLANTS OR FISH TO ANOTHER WATERBODY.**
-  **DO NOT PURCHASE, PLANT, OR SELL HYDRILLA.**

IDENTIFYING HYDRILLA

Hydrilla verticillata

COMMON CHARACTERISTICS OF HYDRILLA

- Submerged, rooted plant with whorled leaf pattern of 3-8 leaves, mostly whorled in 5s
- Leaves are narrow with serrated margins (toothed)
- Branching normally limited until close to water surface
- Leaves roughly 2 - 4 mm wide and 10 - 20 mm long
- Leaf midrib is often red
- Most reliable identification is potato-like tuber attached to root structure

**IF YOU SEE HYDRILLA IN MISSOURI, PLEASE CONTACT
YOUR LOCAL MISSOURI DEPARTMENT OF CONSERVATION
OFFICE.**

**MORE INFORMATION CAN BE FOUND AT
[HTTPS://MDC.MO.GOV/](https://MDC.MO.GOV/)**
